

The 11th World Human Rights Cities Forum

BLC Projects Presentation Session

"Knowledge to Practice: Sharing Session with BLC Participants"

Organizers | Raoul Wallenberg Institute, UCLG ASPAC, Gwangju Metropolitan City

As part of the BLC programme, participants are developing an action plan on how they will transfer their new knowledge and networks into their daily programme and responsibility in their region. Duration for this course project is July-September 2021. Based on assessment by co-organisers, five (5) promising projects are selected and will be shared in a side-event at the 11th World Human Rights City Forum.

This sharing session aim to increase knowledge of local government across Asia Pacific on localising human rights and SDGs and encourage further discussion and collaboration among local governments on rights-based recovery and resilience. Highlighting the promising projects this activity aim to:

Present the five (5) promising projects which focus on localising human rights and SDGs for inclusive recovery and resilience.

Discuss key takeaways and recommendations from the project implementation period.
